Dear Parents and Carers,

Child Protection and Privacy legislation requires us to get permission from parents and care givers before a child's name or photograph can be used in any form of media presentation. This includes such things as the school newsletter, newspaper articles, radio or TV interviews, computerised presentations like slide shows and any other media. At Parkview we usually only use the School Newsletter, the Local Newspaper (the Irrigator), School Web Site and the School App but under the Departmental policy we now have to list any form of media that the school is likely to use and get permission from parents before we can use each particular type.

This requirement makes it very difficult from a school's point of view because we like to promote the good things that happen around the school and recognise our students whenever they achieve something special.

It would be very disappointing if a student missed out on being recognised because we didn't have permission to use their photograph or name.

If you are happy for your child's photograph or name to be used in different forms of the media please indicate those forms on the note below and sign and date the note before returning it to school as soon as possible. Once we have received the permission it will remain active until you notify us of any change in circumstances.

If we don't receive permission for a student, we will no longer be able to recognise that student by using their name or photograph in any form of media presentation.

I regret any inconvenience that this action may cause and thank you for your cooperation in this matter.

Travis Irvin  
Principal.
