- "...helping us prepare"
- "...enjoyed the bus"
- "...met lots of new friends"
  - "...ease into school life"

Mr Joe Nardi (Branch Manager-Westpac Leeton) and Mrs Maria Nardi parents of two children.

"The Parkview PS Transition program was positive in every way! Jamie really enjoyed the bus travel, where he met a lot of new friends. The complimentary bus service was extremely convenient and was also a great support for a working parent. The program was beneficial in addition to the terrific grounding he got at pre-school, as he became familiar with the Parkview environment and as a result his first day jitters were obsolete."

#### Mrs Karen Iannelli (Accounts Clerk Narrandera Shire Council) and Mr Frank Iannelli (Malthouse Operator) and parents of four children.

"The Parkview Public School transition program was wonderful for helping our daughter Leah ease into school life. The 15 week period enabled Leah to become familiar with teachers, her peers and prepared her for daily school routines.

It was reassuring and settling for us to know that on the first day of Kindergarten, Leah was prepared, confident and excited for her new schooling experiences."

Luke Trembath (Courier) and Matilda Trembath (Westpac, Leeton) and parents of three children. "We found the PPS Kindergarten Transition program fabulous in helping us prepare Millie for Kindergarten. It gave our very shy and nervous little girl the chance to become familiar and comfortable with her new environment, build relationships with teaching staff and gain an understanding of what 'big school' would be like first hand. We also received regular updates and communication which we felt was important. The bus that Parkview arranged to pick up and drop off the children made the program very accessible and also eliminated any separation anxiety we may have endured. The transition program certainly made Millie's first day at school less daunting for her and us! We would highly recommend it to other parents who are preparing their children for school."
