

# **Leeton Community Of Public Schools Enrolment Zones and Procedures**

## **Local Area Boundaries**

As clearly indicated by the existing Local Enrolment Area Map the following enrolment restrictions exist (refer Appendix 2 for specific address details):

**Leeton PS:** North of Almond Rd, North of Acacia Ave East, North of Dunn Ave, North of Wamoon Ave and East of Vance Rd. (essentially Leeton Central, North Leeton, Brobenah, Fivebough, East Leeton)

**Parkview PS:** Suburb of Wattle Hill, South of Almond Rd, South of Acacia Avenue East, South of Yanco-Griffith rail line (essentially Willimbong, Parkview, Gralee and Corbie Hill).

## **Principles of Enrolment Zones**

- Enrolment Zones within the Leeton Community of Schools are to be maintained for mutual benefit of all schools in providing quality Public Education for all students.
- All schools are to facilitate a clear pathway as feeder schools to Leeton High School.

## **Enrolment Procedures**

In addition to standard DET student enrolment procedures, parents and carers of students wishing to enroll students at the school must:

- Present their current driver's license and one of the following:
  - electricity or phone account matching the name of the driver's license indicating proof of residency within school enrolment zone. In the event that driver's license doesn't match the secondary proof of residency the Principal will investigate to verify residency status. This may cause a slight delay to the enrolment process.

## **Non-Local Enrolment Procedures**

- In the first instance parents presenting for enrolment at non-local school should be directed to the designated zone school. Address and contact details of the designated zone school should be provided. In the event a parent wishes to proceed with a non-local enrolment, the following procedures should be followed:
- Non-Local enrolments will only be accepted under the following circumstances:
  - students who have siblings **currently** enrolled in non-local school. This does not apply to siblings formerly enrolled in non-local school.
  - in circumstances where intervention orders exist precluding children from associating with students or family members from local school.
  - where a student moves outside the Leeton Community Of Public Schools Zoning Area and later returns to the zoning area, that student may re-enrol in the previous school regardless of residential location.
- Parents/Carers may apply for non-local area enrolment where **exceptional circumstances** exist. These circumstances should be communicated to the non-local school on the attached 'Application for Non-Local School Enrolment' application form.
- The Principals of Leeton PS, Parkview PS and Yanco PS (or in their absence, their representative) will evaluate these applications and determine their validity. In the instance of a disagreement on validity, the School Education Director's decision will be final.

# APPLICATION FOR NON LOCAL ENROLMENT AT A LEETON COMMUNITY OF SCHOOLS CAMPUS

Student's Name: \_\_\_\_\_

Parent's/ Carer's Name/s: \_\_\_\_\_

Residential Address: \_\_\_\_\_

PROOF OF RESIDENCY ATTACHED (Please tick):

- Drivers Licence
- Rental Receipt/ Statement
- Utilities Statement
- Other (please specify) \_\_\_\_\_

School requested for non local enrolment (Please tick):

- Leeton Public School
- Parkview Public School

Briefly outline the reasons for your request for non local enrolment:
