# PARKVIEW PUBLIC SCHOOL

WEEK 8 TERM 2 Commencing Monday 15<sup>th</sup> June 2020

Week 8 of the term is upon us and with every week that passes, seemingly we are closer to a return to the 'new normal' at school as the NSW Government continues to update the activities that are appropriate in schools.

These activities are outlined later in the newsletter, however we were extremely excited to make a return to whole school assemblies this morning, which provides us with the opportunity to appropriately recognise student achievement and share information with the children. We look forward to a further relaxing of restrictions next term that will enable so many of our extra-curricular activities to resume and will also hopefully lead to parents and community members being able to return to our site.

The new school week promises to be a busy one as we prepare for the distribution of Semester 1 Reports and the commencement of the roofing project at the school. Please consider the following as you plan your week:

### **Kindergarten 2021 Transition**

We have received a pleasing response to our invitation for Kindergarten 2021 Transition Registrations. We welcome all families considering or intending on enrolling their children at Parkview PS for 2021 and beyond to return their Kindergarten 2021 Transition registration forms to secure children's places in the program and to also enable the school to commence allocating resources for this program.

If you didn't receive your Kindergarten 2021 Transition Prospectus or require another for yourself or a friend, please contact the School Administration Office.

### **Notes that you can expect to see this week:**

- COVID-19 Updates (email and social media)

### **Notes in last week:**

- Kindergarten 2021 Transition Information
- Year 5 2021 Opportunity Class applications

## **Year 5 2021 Opportunity Class and Aurora College Placements 2021**

Today commences the period of time where parents of Year 4 students can apply for consideration for inclusion in Opportunity Classes and Aurora College Placements for Year 5 in the 2021 School Year.

Opportunity classes can provide intellectual stimulation by grouping together high potential and gifted students who may otherwise be isolated from a suitable peer group.

### **New for 2021 entry**

A Year 5 virtual opportunity class has been established at Aurora College for students in rural and remote NSW who will be attending schools on the following list in 2021:

[https://www.aurora.nsw.edu.au/files/2020/02/Authorised\\_hosts.pdf](https://www.aurora.nsw.edu.au/files/2020/02/Authorised_hosts.pdf). Students successfully placed at Aurora College attend their local government primary school and join the opportunity class for science, technology and mathematics lessons using an online conferencing system.

Students from non-government schools who are successfully placed will need to enrol in a government primary school on the list mentioned above. Further information is available at <http://www.aurora.nsw.edu.au/>

### **Testing**

Students who wish to be considered for opportunity class placement will sit the Opportunity Class Placement Test on **Wednesday 16 September 2020**.

### **How to apply**

If you would like to have your child considered for Year 5 opportunity class entry in 2021, you need to apply between **Tuesday 9 June 2020** and **Friday 26 June 2020**. You will need to access the online application at <https://education.nsw.gov.au/public-schools/selective-high-schools-and-opportunity-classes/year-5>. You must **not** use the child's email address.

If you do not have internet access, you could apply at a public library. If you have a disability that prevents you from using a computer, you can contact the High Performing Students Team for assistance after **9 June 2020**. Contact details can be found on the web site shown below.

You must submit only **ONE application** for each student.

**Important – the school cannot apply on your behalf.**

**Aurora College**  
The virtual school for rural and remote students

Aurora College is NSW's virtual school, offering a mix of online and residential school classes for high potential and gifted students in rural and remote government schools.

The school provides innovative, flexible learning in a whole new context, by allowing students to connect locally and to learn globally. Students connect with their teachers and classmates in timetabled lessons using cutting-edge technologies in a virtual learning environment.

Aurora currently offers selective classes in English, mathematics and science to Year 7-10 students and also gives Year 11 and 12 students the opportunity to study subjects not available in their own school.

**In 2021, Aurora College will have an Opportunity Class for Year 5 students enrolled in rural and remote government primary schools. Students will study the content of the Mathematics and Science and Technology syllabuses, with a focus on STEM.**

At the end of last week, the NSW Department of education published an updated *Return to full-time face to face learning guidelines*. With updated health advice and changes to state and national restrictions, schools are able to recommence the majority of school-based activities from either 15 June 2020 or the start of Term 3 (20 July 2020). Some activities are continuing to be considered. The guidelines are available on our Facebook page. If you have any questions please contact me at school on 0269532122. Your support has been greatly appreciated during these most challenging times.

### Positive Behaviour for Learning

Congratulations to the following students who have demonstrated our values of being respectful, responsible, learners to earn PBL tickets to be included in our latest prize draw. Students can place their paper PBL tickets in the PBL box to be eligible for the prize draw or submit 25 PBL tickets to the office to follow the merit pathway to receive our Platinum Jacket. Staff are also now able to give electronic PBL tickets to students which is proving to be very successful. Since returning to full-time face to face learning this term, staff have logged 3906 positive PBL tickets electronically which is amazing. These figures clearly show how awesome our students are and how proactive our staff are in acknowledging positive behaviours.

### Make Music Day 2020

This Friday, Leeton High School will celebrate Make Music Day 2020 with students and teachers sharing their musical talents at recess and lunch. We look forward to Rock n Chill and thank our staff and students for their enthusiasm on what will be an outstanding celebration of music.

### Reports Years 7-10

Students in Years 7-10 will receive their Semester 1 reports before the end of this term. This will be a simplified version of the report that you would normally receive. Please contact the relevant teacher with any questions you may have regarding reports. We are still unable to conduct Parent/Teacher Interviews as we normally would of pre-COVID.

### P&C AGM

The LHS P&C AGM will be held on Tuesday 23rd June. The meeting will be held via Zoom. P&C members will be sent details of how to join the meeting. If other members of the school community wish to join please contact the office on 0269532122 to be added to the meeting.
