PARKVIEW PUBLIC SCHOOL

WEEK 2 TERM 2 Commencing Monday 1st May 2023

Welcome to what will be an extremely busy second week of the new term. Term 2 commenced with an extremely busy opening week, albeit shortened due to the Staff Development Day and ANZAC Day Public Holiday.

ANZAC Day was another day of great pride and reflection for our community with more than 160 students and staff participating in the Leeton RSL Sub-Branch ANZAC Day Commemoration last Tuesday, whilst more than 400 community members engaged in our school service last Wednesday, highlighted by our guest speaker Mr Luke Mahalm. We thank all parents and carers for supporting their children to participate in these significant events.

Last Friday saw our SRC coordinate an extremely successful **'Wear Red, White and Blue Day'** supporting the Malakai Murphy Trust Fund. We thank everyone in our community for their support and generosity for this initiative which has raised significant funds for the family.

Last week was also highlighted by the achievements of our students on the sporting fields with **Deegan Tiffin** earning selection in the **Riverina PSSA Opens Rugby League Team** while **Airlie Chilko** has been invited to attend the final trial of the Riverina Netball Team. A full wrap of the children's achievements can be found later in the newsletter in Talking Sport.

The new week promises to be an extremely busy one as we conduct **Term 2 PLP Conferences** for most classes. Please refer to the schedule later in the newsletter for details. The week will also see us host our Term 2 **'Back to School Disco'**, something that is always a wonderful evening for all children. We have three discos planned for K-1, Years 2-3 and Years 4-6, with \$5 entry covering a sausage sizzle, poppa and dancing! We hope to see all children there to celebrate the commencement of the new term.

This week is also an exciting one for our Year 6 students who will travel to Wagga Wagga on Thursday to visit **Charles Sturt University – Riverina** as part of the institutions' **Future Moves** program. We look forward to a wonderful visit full of experiences and inspiration for our children's future.

There is plenty more happening in our community. Please consider the following as you plan for the new week:

Sentral Parent Portal

The Sentral Parent Portal is proving popular with registered parents and carers, with a range of information, push notifications, permission notes and PLP Conference bookings all currently available at your finger tips through your smart device.

If you are yet to register your account, we encourage you to do so as soon as possible. Below are some reminders on how to connect and what the purpose of the new portal is:

How do you connect to Sentral Parent Portal?

1. Download the Sentral Parent Portal app through the Apple Store or Google Play. This is the most convenient way to access so that you can turn notifications on through the app. You can also access the portal online through the website <https://parkviewps.sentral.com.au/portal2/#!/login>
2. Create your account in Sentral Parent Portal. You then have to wait for school approval. This approval is usually completed once a day, at the end of the day. When your account has been approved, you will receive a confirmation email.
3. Once approved, you will then need to use the unique access key to connect with your student/s information. This key was provided to families at the end of Term 1. Should you need this information provided again, please contact the school. Once you enter the key, you can

Notes that you can expect to see this week:

- **Back To School Disco Reminder**
- **Mother's Day Lunch Pre-Order Form**

Notes in the last week:

- **Sentral Parent Portal Information (all students)**
- **Term 2 PLP Information (via email)**
- **ANZAC Day Information (all students)**
- **AFL Permission (selected students)**

then access a whole range of information and this is also the place to book in your interview time.

Sentral Parent Portal will also allow you to keep up to date with news and information, update your child's attendance details and in the near future also respond to permissions notes. It really will be a very handy tool for all parents.

Last term all parents and carers received their own unique access key (unique for each parent/ carer of children) that will enable them to register with the school for communication specific to your children. We encourage everyone to download the Sentral Parent Portal App and follow the information on the letter to start your new communication experience with the school.

Once fully operational, the portal will enable parents and carers to book PLP Conferences, access newsletters, school reports, lodge absence notifications, check student attendance levels, grant permissions for excursions and make payments among other exciting features. Not all of these elements are available yet as we roll out different aspects of the portal, but they will become a feature over the next couple of months. If you have any questions please contact the school.

Term 2 PLP Conferences

As you are aware, each Term the staff at Parkview Public School make contact with all parents and students through PLP conferences. Each classroom teacher is available for in person (preferred) or phone interviews. We value this opportunity to seek feedback and work together with families to best support the students.

From this point forward, these meetings will be booked through the Interviews section on our new Sentral Parent Portal. This allows parents to select a particular time that suits them in a convenient manner. There will not be notes going back and forth. Below is the schedule for Term 2 PLP Conferences.

KN have been investigating mass during our Numeracy sessions.

Using the balance scales helped us check if our estimations of objects being heavier and lighter were correct.

We learnt that we could use hefting (holding) to compare the weight of objects.

The heavy lunchbox was much harder to move off the parachute than the light school hat.

Dramatising "Who sank the boat" led to some interesting discussion. "What would happen if the mouse got in first?"

We discovered that items can be the same weight, but look different.
